SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In accordance with 37 C.F.R. §§ 1.56, 1.97, 1.98 and MPEP § 609, applicants submit the following Disclosure Statement concerning art which was previously submitted, but not separately listed, in an Information Disclosure Statement filed on February 12, 2002. Under 37 C.F.R. § 1.97(f), if a bona fide attempt is made to comply with § 1.98, but part of the required content is inadvertently omitted, additional time may be given to enable full compliance. Accordingly, in view of recent discussions with the Examiner (and a subsequent voicemail exchange), a copy of a new PTO-1449 separately listing this previously submitted art, with publication dates and/or dates of availability to the Assignee of the present invention (Pressco Technology, Inc.), is submitted.

Please note that the items with printed dates have a publication date listed. However, for other items for which an availability date is listed, a date of "at least as early as January 24, 2002" is recited. For these, the actual publication dates or receipt dates are not exactly known; although item AS has a handwritten date of "7/01" (which may well be the date of receipt by Pressco).

This Information Disclosure Statement is not intended to constitute an admission that any patent, publication or other information referred to herein or submitted herewith is "prior art" for this invention unless specifically designated as such.

In accordance with 37 C.F.R. §1.97(g) and (h), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R. §1.56(b) exists.

Under § 1.98(a)(3), no concise explanation of relevance is required for information that is in the English language. Accordingly, the enclosed requires no further explanation.

Respectfully submitted,
